

Dear Neighbours

There will be planned plant movements over the course of the next three days via Sudbourne Road. McAlee & Rushe will be exchanging and removing piling rigs following the successful completion of all ground level piling works.

It is envisaged that firstly, the rigs will be exchanged either today or Wednesday and the remaining rig will leave site via Sudbourne Road by close of play on Thursday 17th December. We apologise for any inconvenience this may cause to our neighbours.

Please note our Traffic Marshals will be on hand to ensure the safe change over and removal of plant machinery over the coming days with the safety of our neighbours and pedestrians being of paramount importance.

I would like to take this opportunity to thank you all for your patience and cooperation since we have arrived on-site - it has been greatly appreciated.
