

Indicative Layouts of the Gantry & Welfare Accommodation

Installation of the Scaffold Gantry

The 2nd phase of the scaffold gantry is to be installed this Friday 22nd January to establish the elevated loading bay on Brixton Hill. Works will begin at 8am on Friday and complete by 10pm on Sunday 24th January.

Please refer to the indicative layout above and the highlighted section in green. To facilitate the works, the area outside the site hoarding along Brixton Hill will be closed for pedestrians. Pedestrians will be diverted onto a temporary walkway during this time.

These works have been scheduled for during the weekend at the direction of Transport for London (TfL) to minimise peak time impacts for walking, cycling and buses.

It is not expected for these works to create noise issues but we apologise in advance for any inconvenience caused.
