

Site Update

As previously advised the noisiest element of our works began w/c 11th January 2021 for a six week period. Unfortunately at this time, we wish to inform you that the works are envisaged to extend into a further week and complete by Friday 26th February. The noise levels will remain the same as this past week.

During this time we will as always work in strict accordance with the “noisy and quiet times” agreed and any mitigation techniques identified and as discussed will be fully implemented.

We sincerely apologise for the inconvenience caused and thank you in advance for your continued co-operation and understanding.

Respite Provisions

As a reminder, there is a non-office respite area being made available during the lockdown period at the Town Hall.

We kindly ask for those who wish to avail of this to contact Stephen McGinty by email or telephone listed below, advising which days and times you would generally wish to avail of this provision.
