

Dear Residents

We are writing to let you know that we will begin removal of the piling rig from site on Monday 21st June 2021, starting AM and finishing PM, a process that we have done on numerous occasions.

We will then begin striking the remaining scaffold and screens at the back of the properties along Beverstone Road, week commencing Monday 28th June 2021, following the erection of our Tower Cranes that week, as scaffolders will not be able to operate in the exclusion zone as the tower goes up. This is to enable the construction works to begin on Olive Morris House.

McAlee & Rushe would like to take this opportunity to thank you for your continued patience and cooperation during these works.

Considerate Constructor Scheme

The site is registered with the Considerate Constructors scheme and we will abide by the code of practice to present a positive image for the construction industry.
